

Scott is an Army veteran who served 8 years. When Scott returned from duty, he had difficulty adjusting back to civilian life. **Thanks to the legislature's past commitment to affordable housing & state safety net programs, families like the Johnstons can thrive and live in a safe, healthy, affordable home.**

Dear _____

Use this space to write a personal message to your legislator:

I live in your district, and I wasn't able to make it to Olympia for Housing and Homelessness Advocacy Day. However, I ask that you please support policy and funding decisions that help create affordable homes and protect people experiencing homelessness. In the white folder my district team left with your staff today, you can find out more information about the bills we support and about how the state can make smart capital budget investments in affordable homes in our district and across the state.

Sincerely,
Signature:
